## KG SPORTS DAY

Sports play an important role in the character-building of each student. In recognition of the need to inculcate the sporting spirit in children, we organized the Kindergarten Sports Day at Swargarani School campus which was held on August 25<sup>th</sup> and 26<sup>th</sup> 2022. It was a fun pack day with various competitions and activities. The event was performed in the big spacious playground within our school premises. Children participated in various fun games with great enthusiasm. The class events started with a running race followed by competitions like Partner games and Musical chairs. The sports day helped children explore their hidden sports interests, build confidence, and inculcate a desire to learn new skills by watching their peers. It was a fun-filled day for one and all. All the winners of these competitions were congratulated and felicitated with certificates and medals

## KG TALENTS DAY

“Talent can't be taught but it can be awakened”. To awaken and discover the hidden talent of our students, a Talents Day was organized for LKG & UKG from the 22<sup>nd</sup> to 24<sup>th</sup> of August 2022. The students showcased their talent and were confident and enthusiastic before their performances. They exhibited their talent through dance competitions, clay modelling, memory tests and speech competitions. All the winners of these competitions were felicitated with certificates and medals.

The main reason behind organizing this competition is to nurture the intrinsic qualities of students and remove the fear of stage among students which helps them in personality development too.

Each competition turned out to be very interesting and every student who participated in the competition was very talented. We were mesmerized by their talent. It was a joyful and overwhelming moment to witness such effort put in by the students

Parents also appreciated and applauded the school for organizing such events which gave their children an opportunity to showcase his/her talent. It not only helped them to show their abilities but also motivated other students to come up front and show their hidden potential.
